

## SOUND QUALITY

### DON'T JUST TURN UP THE VOLUME. CLEAN UP THE SOUND.

Sound World Solutions' innovative CS50 Personal Sound Amplifier delivers superb sound quality and speech intelligibility. At the core of this capability are proprietary algorithms for digital signal processing, multi-channel input and output compression, and feedback and echo cancellation. Our designs also feature state-of-the-art, high-fidelity miniature microphones and speaker elements. All of which allow the CS50 to turn up the volume while also cleaning up the sound.

#### What our customers are saying...

*"My wife would say "I love you," and I wouldn't be able to hear well. Now she can whisper it to me, and I'll hear her."*

*"Great sound reception and enhancement. I can wear it all day and honestly forget it's on my ear."*

*"The different settings work as advertised, especially after you program it to your own ear with the app. Five stars."*

*"It's comfortable, well designed, and is performing flawlessly. I can hear and understand my little granddaughter's tiny voice again!"*

### HEAR WHAT YOU'VE BEEN MISSING. CLEARLY.

#### The CS50 is perfect for...

- Family gatherings and conversations
- Sporting and other outdoor events
- Phone calls and meetings
- Movies, theatre and television
- Restaurants and other noisy environments

AMPLIFIER**

**GET BACK IN THE CONVERSATION™**

BLUETOOTH SERIES  
**CS50**  
PERSONAL SOUND  
AMPLIFIER

It may look like an ordinary Bluetooth mobile telephone headset. But don't let the sleek, hi-tech design fool you. The CS50 is also a

personal sound amplifier and is completely customizable to help you hear everything happening around you with crystal clarity. In addition to three preset amplification profiles, you can

use your smartphone or computer to personalize the device with our free CS50 Customizer App. And best of all, the CS50 is surprisingly affordable.

- Increases volume and improves sound quality
- Quick and easy customization
- Bluetooth headset for mobile phones
- In-ear music playback
- Rechargeable batteries

The CS50 Personal Sound Amplifier comes with all of the following accessories:

**Rechargeable Batteries**

Each CS50 comes with two rechargeable batteries that can each provide up to 15 hours of listening time on a single charge.

**Charger Kit**

Batteries can be recharged using either the included power adapter or by connecting the supplied cable to any USB-enabled computer.

**Ear Tips**

The CS50 comes with three different sized ear tips (small, medium, and large) so you can select the most comfortable, snug fit.

**Carrying Case**

The convenient zippered carrying case holds the CS50 as well as both batteries.

**Smartphone App**

You can personalize your sound levels and equalization from iPhone® and Android® smartphones.

At Sound World Solutions, our focus is on helping people rediscover the power of connection, recognizing that sound and clarity are an integral part of human interaction. We design, manufacture and sell premium performance consumer products that offer tremendous value. In addition, we collaborate with a variety of organizations providing hearing health studies, services, and on-the-ground solutions throughout the world.

**MONEY BACK GUARANTEE**

**We offer a no risk 30-day money back guarantee.**

**Visit our web store today to order your CS50 and Get Back in the Conversation™.**
